## Mounting system for steel roofs

Install solar panels simply and quickly on a pitched steel roof? This is possible with roboost, the Blubase mounting system that has been specially developed for solar installers. roboost for steel roofs consists of a limited number of components and has all the features to enable simple and quick installation.

Roboost for steel roofs is installed with only 3 components. The mounting profile is simply and quickly fitted without pre-drilling, using the self-tapping screws. The EPDM rubber under the mounting profile creates a watertight seal. Both landscape and portrait setups are possible, as is mounting on corrugated steel sheets.

Mounting on steel roofs is also possible with a mounting base with rotary coupling. The mounting base raises the mounting system a little further off the roof and offers a solution if there are obstacles or raised edges on the roof.

## Easy & smart installation

- ✓ Shortened working times due to rapid mounting
- ✓ Robust, very strong and waterproof
- ✓ Made entirely of aluminium
- ✓ Only 3 components required for mounting
- ✓ Mounting base available as alternative
- ✓ 20-year warranty

# Roboost

## Roboost: the power of rotation

Roboost for steel roofs is a **high quality** system with smart and powerful rotary couplings. A lot of consideration has been given to the user-friendliness of the components to ensure **ease of assembly**. Blubase offers different solutions for different roofs. All guaranteeing excellent value for money for you as an installer.

## Strong in solar support!

- ✓ We listen to you
- ✓ Comprehensive technical support
- ✓ Excellent price/quality ratio
- ✓ Smart mounting systems
- ✓ Certified, safe and 10+ years of experience
- ✓ Extensive calculation support

## Installed with only 3 components

- 1 Steel roof LS incl. EPDM
  - 2 Steel roof POR incl. EPDM (250/400)
  - 3 Mounting base complete incl. EPDM
  - 4 Steel roof corrugated sheet incl. EPDM
  - 5 End clamp (aluminium/black)
  - 6 Intermediate clamp (aluminium/black)
- Cable clip \*  
Panel clip \*  
\* *Optional*
